## Introduction

The Governing Body of Girlington Primary School is committed to the principle of equality of opportunity for all in employment and in the provision of teaching and learning. We take pride in our diverse community and all the cultural richness that it brings with it.

This statement outlines our commitment to equality and diversity. It sets out our intention to create an environment in which everyone in our school community can take full part in the social and cultural life of the school. It also sets out our commitment to promote equality and diversity among our pupils, their families and our staff.

For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community.

These include:

- Pupils
- Staff
- Parents/carers
- The Governing Body
- Multi-agency staff linked to the school
- Visitors to school
- Students on placement
- Volunteers

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth.

At Girlington Primary School equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential - irrespective

of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination.

As a school, we pride ourselves on our inclusive ethos and community involvement. We engage in many activities to raise pupils' awareness of a diverse and ever-changing world. Children at Girlington Primary school are encouraged to; develop their own beliefs, spiritual awareness, display high standards of personal behaviour and take ownership of this, demonstrate a positive and caring attitude towards others, show an understanding of their cultural traditions and an appreciation of the diversity and richness of other cultures.

### **Monitoring and Review**

Girlington Primary School is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfil their potential. We collect and analyse a range of equality information for our pupils/students:

- We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.
- Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The Governing Body receives regular updates on pupil performance information.
- School performance information is compared to national data and local authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, the Headteacher and SLT also regularly monitors a range of other information. This relates to:

- Attendance

- Exclusions and truancy
- Racism, disability, sexism, homophobia and all forms of bullying
- Participation in extended learning opportunities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Girlington Primary School is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a Governing Body that is representative of all sections of the community in order to respect and respond to the diverse needs of our population.

With the help of feedback from employees and the wider school community we will continue to develop arrangements to monitor, review and evaluate the effectiveness of our employment policies and provision of teaching and learning. If our monitoring reveals any gaps in our policies/provision, we will take necessary action.
